

# The Protosaur

Developed by:  
Shawn Jacobsen + Gary Sung

## Gameplay (1 player)

- DINO RUNNNNNNN
- Goal: Avoid collision with the cactus
- Action: Press middle button to make the dino jump up, ignore the left and right buttons
- Action: Use stylus to press the replay button
- Reach for the highest score!

## Game Components

- FEH PROTEUS
- FEH PROTEUS charging cable
- FEH Button Board
- Stylus
- The Protosaur microSD card

Set up: Insert the microSD card and the FEH Button Board (bank 2) into the PROTEUS. Plug in the charging cable and press the power button. After waiting for the PROTEUS to load the game, press the power button twice to power off and on. The dino begins to run.
